

## *Fall Nature Scavenger Hunt*

Find 3 leaves of any of these 3 colors: Yellow, gold, red, orange, brown, or green.  
(circle the colors you find)

At this time of year, many trees and plants make seed pods. Find one seed pod.

What makes you think it is a seed pod?

---

Many trees' seeds are what we call nuts. Can you find a nut?

Write down what type it is (acorn, walnut, chestnut, etc.) or describe it.

---

Fall is a time when many birds are migrating. Stand still and look and listen. Can you observe evidence of birds flying overhead or flocking together in groups?

Describe how the bird looks/sounds.

---

Spiders are often very active in early fall. Can you find a spider or spider web?

Circle which one you see.

Was there any prey caught in the web?      Yes      No
