

Summer Scavenger Hunt

Test your nature observation skills! See how many of these things you can check off as you explore the forest preserve.

- Find a plant that has berries. What do they look like? What color are they?

- Look for large birds like hawks and vultures soaring over the prairie.

- Look for these colors in nature: green, yellow, red, blue purple. How many did you find? _____

- Look for a turtle soaking up the summer sun.

- Look for grasshoppers as you're hiking along the trail.

- Stand still and listen for a minute. Count how many different kinds of sounds you hear. How many were there? _____

- Find a blooming flower in the prairie. What color is it? _____

- Look for a fallen log or tree with a hole or crevice. Peek inside and write what you saw here.
