

FOREST PRESERVES of WINNEBAGO COUNTY EQUESTRIAN TRAILS

Forest Preserves of Winnebago County horseback trails were developed to afford horseback riders the opportunity to enjoy riding in the scenic beauty of the preserves. There are 29.6 miles of mowed trails for horseback riding with trailer parking, found in six of the forest preserves: Roland Olson, Sugar River, Oak Ridge, Deer Run, Rockford Rotary, and Seward Bluffs.

Equestrians are allowed to use the trails when they are marked "Open" in the preserves in which equestrian use is authorized. An equestrian tag is necessary to ride in the preserves and may be purchased online at www.winnebagoforest.org, by visiting the FPWC Office or by self-registration (not available at Rockford Rotary Forest Preserve). Equestrians must purchase a bridle tag for the season or purchase a daily pass each time they ride on forest preserve trails. In addition, horse-drawn wagons are allowed on open paved roads within the preserves without a permit.

The Forest Preserves of Winnebago County is committed to enabling all to enjoy forest preserves and invites people of all abilities to discover the benefits of recreation at our sites, facilities, and programs. If you need special accommodations in order to access a preserve or facility, please contact the ADA coordinator by calling FPWC Headquarters 815/877-6100.
